THE MANN SCHOOL®

Dear Parents,

Greetings from The Mann School!

I hope you and your family are safe and sound. The second wave of COVID-19 has been devastating and has caused large scale damage in terms of disruption in the education sector in addition to taking away the lives of many stake holders. We hope that the coming year will bring in peace and normalcy.

Many parents have cooperated with us during these trying times and I wish to take this opportunity to thank you whole-heartedly for your support. I also wish to make this point that as the Principal of The Mann School, I have always tried to be transparent and reasonable in ensuring your demands and aspirations are met to the extent possible.

The Teachers have been the messiah performing their duties with dedication even during adversity. I am sure you will join me in appreciating their efforts.

We shall begin online schooling for all classes starting from 14 Jun 21. We await the directions from the DoE for offline schooling and will reopen the school for students whenever they consider it apt. However, I am in agreement with the authorities for not opening the school right now, considering the prevailing situation where students are most vulnerable.

I request the parents to offer support as has been done in the past and ensure your wards take the online classes seriously. Please note that the journey of Schooling in online mode is a collaborative effort between parents and the school. While we make every effort to ensure the lessons are delivered effectively, the Parents need to ensure the child is regular and attends the class with sincerity following the school norms. Online remedial classes for weaker students and guidance sessions have been scheduled in the evening.

As you are aware, the school operates with the financial support on the fee paid by the parents. All expenses, including salaries for staff and employees, Taxes, Maintenance expenses etc. are met from the fee that is collected from you. Any delay in the collection and payment will adversely affect the morale of all the concerned. It is therefore our humble request that the parents pay their fee on time so that the school can fulfil their obligations effectively.

Keeping all aspects into consideration, a **concession of Rs. 35000/-** is being provided to all regular boarders in the 1st Instalment for the quarter April – June 2021. I am sure, Parents will appreciate the quantum of concession given by the school, keeping in consideration the rising costs of overheads and inflation. It may also be noted that further concessions shall be provided in future for the period online classes are held.

Your cooperation in this regard is solicited.

With best regards,

Srinivasan Sriram
